

## Essential Beige Knee Support

Recommended for minor sprains & strains  
or relief from stiff, arthritic knees

**1**  
**ESSENTIAL**

  
Provides mild support and  
uniform compression for  
injured knees.

  
Lightweight, breathable  
and durable support.

  
Designed for comfort  
without restricting  
movement.

  
360° stretch prevents  
slippage and ensures  
a proper fit.

Designed for comfort without restricting movement. This enhanced lightweight, breathable, durable support provides compression whilst helping to prevent re-injury. It has an ergonomic design that provides mild support and uniform compression with 360° stretch to ensure a proper fit.
